PROFESSIONAL SUMMARY

Self motivated and adaptive full stack developer, with several years of experience in small team project oriented environments. Previously founded a technology driven startup, which included direct development work as well as the management of contracted development. Possesses a strong background in financial risk assessment and financial feasibility studies.

EXPERIENCE

Lotus Import Group – *Founder (Full Stack Dev),* 2014 – 16

Created a portfolio of ecommerce websites focused on the manufacture, importation, and direct sales of a variety of consumer goods.

US Army – *Civil Affairs Operator,* 2008 – 16

Civil Affairs Operators deploy in small teams and function autonomously to develop and implement small to large scale cultural and economic projects and programs. Planning often begins and ends with a detailed financial feasibility study.

International Financial Group – *Underwriting,* 2011–14

Responsible for providing both a business risk, and financial risk assessment of commercial general liability in the high risk excess and surplus lines market. Policy risk exposure ranged from 2M to 10M aggregate.

EDUCATION

RefactorU, CO— *Full Stack Immersion Course,* 2016

Graduated from the RefactorU immersion learning program focused on MEAN stack development.

UConn, CT— *Bachelor's Degree (BGS),* 2010

Graduated with a concentration in Sociology and a minor in economics from The University of Connecticut.

Special Operations Center of Excellence, NC — *Civil Affairs Operator,* 2008

Graduated from the US Army's Special Warfare Center & School in the top 5% of the class (Commandant's List)
